Tickets: $4 11AM - 5PM

ALPHA™

Alpha™ 220C Indoor LED message displays are designed for maximum visibility and durability.

Adaptive's Alpha™ 220C is specifically designed to get your message across as quickly as possible. The 36" length provides more space to display your message in one line. Brighter tri-color LED's come standard on this model to give your message maximum impact.

ALL AGENTS LOG IN!

Perfect for employee communication, to inform, inspire or educate. Whether your business is a call center, movie theatre or school, you can keep your employees "in the know" with this versatile electronic message display.

Features:
• Real-time clock
• Character size: 1.5" – 2.1"
• One year USA Factory Warranty
• Stores & displays up to 96 messages
• Stimulating presentation styles
• Keyboard programmable from 30 ft.
• 3 Brilliant colors & 3 rainbow effects
• 14 Character fonts
• Create your own graphics & logos
• Wireless remote control

Ease of use.

Messages can be easily entered using a hand-held IR keyboard. Within seconds, the user can create exciting visual announcements.

Easy networking.

In applications requiring multiple units to communicate important information, Alpha displays can be connected to a PC to form a powerful integrated visual information network throughout your building.

Adaptive

Alpha™ Series displays are extremely bright and visible from a wide viewing angle. Manufactured exclusively by Adaptive Micro Systems, these quality built displays are more energy efficient and easier to view than standard LED signs or LCD display monitors.

ALPHA™
